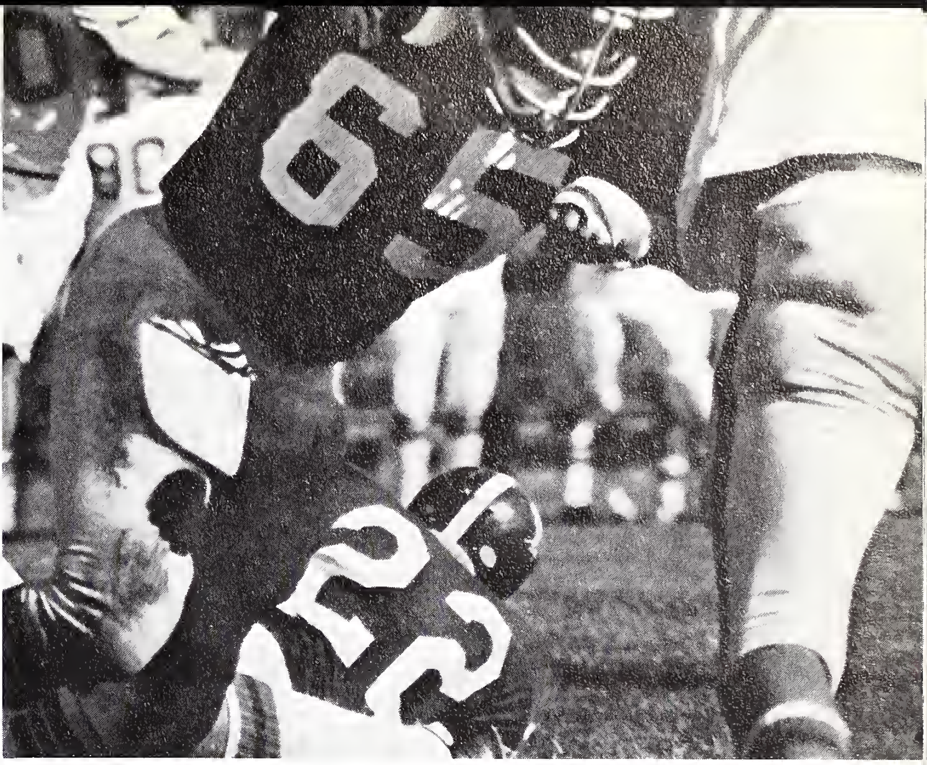
Happiness Is Anyone Or

Anything You Care For



Try to remember!

I'm gonna make it this time.

People get ready.

Raindrops keep fallin' on my head.

Tell me why, tell me why, tell me why,
Oh, Why can't we live together.
Tell me why, tell me why
Oh, Why can't we live together.
Everybody wants to live together,
Why can't we live together.
No more wars, no more wars
All we want is some peace in this world.
Everybody wants to live together,
Why can't we live together,
Got to live by me
Got to live together.

No matter, no matter what color,
Oh, you are still my brother.
I said, no matter, no matter what color,
Oh, you are still my brother.
Everybody wants to live together,
Why can't we live together.

T. Thomas

Activities

Freshman

The tradition of Freshmen Camp was reinstated at Millikin this year. Camp started off with a bus ride full of frivolity to Allerton Park where all the activities were held. The freshmen were kept busy during the days with discussion groups and plenty of free time to get to know each other. Saturday night proved to be exciting for everyone. A lively dance was followed by the traditional burning of the "M".

Camp

The highlight of Freshmen Camp, of course, was the gigantic water fight instigated by the counselors but which included everybody! Freshmen Camp proved to serve its purpose of acquainting the new freshmen with Millikin, its faculty and its traditions.

Rush

WE MAKE AN OFFER YOU CAN'T REFUSE
Lil' Sis's

There are four national sororities, Alpha Chi Omega, Delta Delta Delta, Pi Beta Phi, and Zeta Tau Alpha. The four men's groups are Delta Sigma Phi, Kappa Sigma, Sigma Alpha Epsilon and Tau Kappa Epsilon. Certain standards are required for fraternity rush, pledging, and initiation. Formal rush is held at the beginning of the fall semester; there are several periods of informal rush.

Week

Rush was subject to many changes this year. Schedule conflicts and classes starting early altered the traditional rush format. Excitement and anxiety were maintained throughout the week by both the members and rushees. But despite the new changes, all of the houses were pleased with their new group of pledge classes.

Parents

Parents' Day 1972 was held on October 9th. The activities included discussion groups for the parents with the Millikin faculty, a football game against Wheaton College, a reception in Griswold, and tours of the campus. All housing units were open for visitation and lunch was provided for the parents.

Day

During the halftime of the football game, Pat Williams, Parent's Day chairman and President Miller presented the second annual award for "Outstanding Student of the Year" to Tom Munz. All in all, it was an eventful weekend for both parents and students.

Homecoming–1972

30
44
80
65
10

The 1972 Homecoming was a complete success despite the dreary rainy weather. The weekend included such activities as the Mason Proffit concert, Homecoming games, house decorations and judging, the Millikin vs. Carthage football game, the Queen's Coronation, and the musical production, Oliver!

Once again this year, each housing unit boosted the "Big Blue's" spirit by producing house decorations. The decorations ranged from a simulated football field portraying Millikin's score -- 35 points, and Carthage's score -- 0, to a sign saying, "Backing The Blue All The Way."

"They've got the ball so let's take it away!"

CHRISTMAS AT MILLIKIN

Jingle bells, jingle bells, jingle all the way. Oh what fun it is to ride in a one horse open sleigh.

Jingle bells, jingle bells, jingle all the way. Oh what fun it is to ride in a one horse open sleigh.

Dashing through the snow in a one horse open sleigh o'er the fields we go laughing all the way, the bells on Bob tails ring, making spirits bright, what fun it is to ride and sing a sleighing song tonight.

Away in the manger no crib for a bed, the little Lord Jesus lay down His head, the stars in the sky look down where he lay, the little Lord Jesus asleep in the hay.

Happiness Is . . .

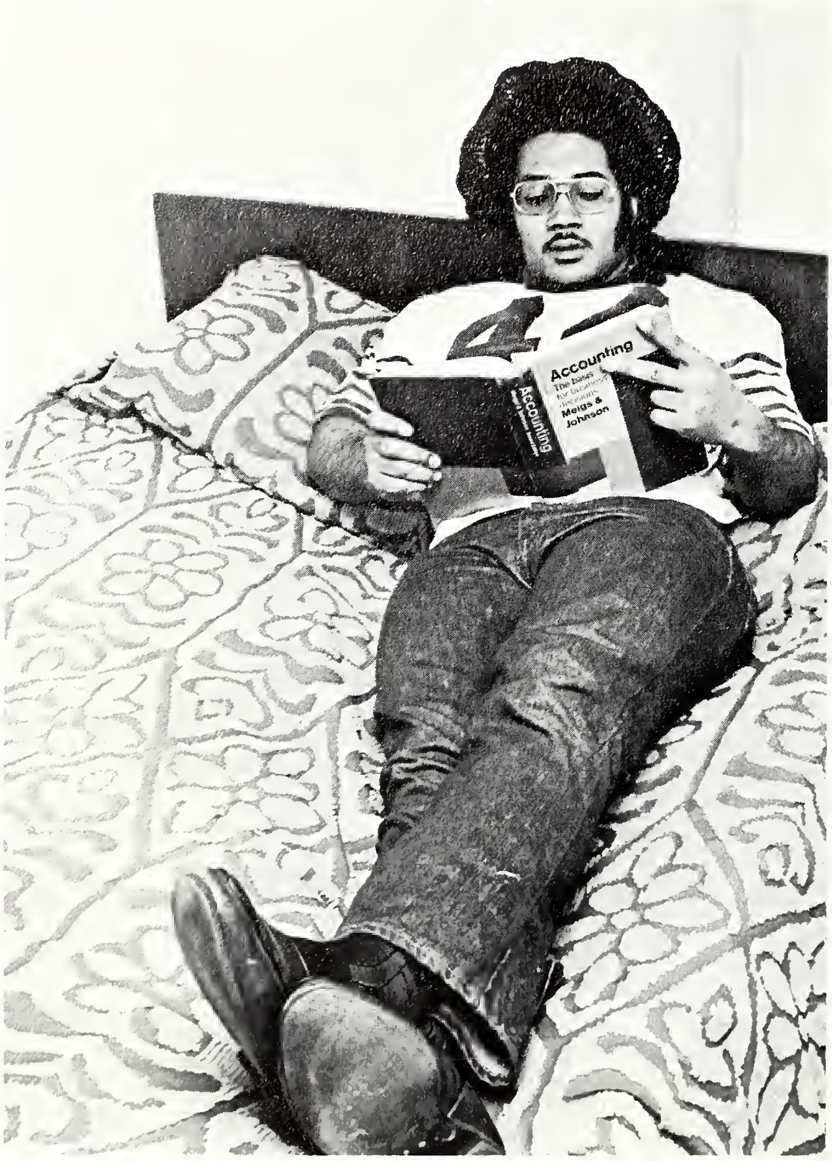
Off Campus Life



Accounting
The basis for business decisions
Meigs & Johnson

Some Millikin students wait anxiously like the earth waits for the sun after rain, trembling silently, for the day that they can stretch beyond the boundaries of campus life. Being out on one's own; free from campus regulations enables a student to experience and grow with each new day without barriers. Independent and yet, very much a part of the endless search for knowledge, the sense of responsibility and a meaning to life clings firmly to off campus students.

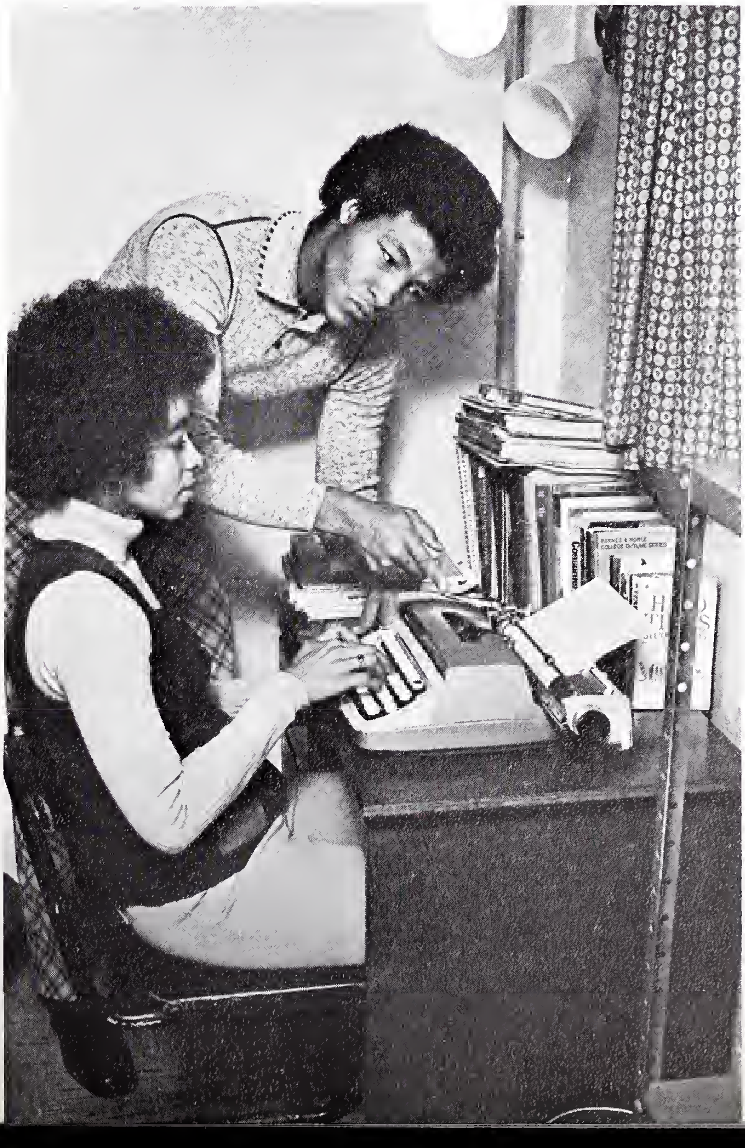
Townies

Yearning for knowledge, the knowledge that can determine one's future.

A student came to Millikin anxious and alone
Once off campus, new people "townies" were encountered
Townies because they are not a part of the campus environment
The town itself is distinct and different
Here, traffic is not as dangerous as Chicago's frightening freeways
Comparing this town with St. Louis
One will find that the constant excitement St. Louis exhibits is lacking
And so, as with any other place, the place and people are distinct
But then, this town, your town the "townies," our town, what does it matter
We are all as one, for awhile, at least; if we should chance to meet
Just let it be. . . . . BEAUTIFUL!

ROUND 2 THE STYLISTICS

IN THE BEGINNING THERE WAS CLEAN AIR GREEN TREES AND SPARKLING CREEKS



To Be

You

I Just Don't Know

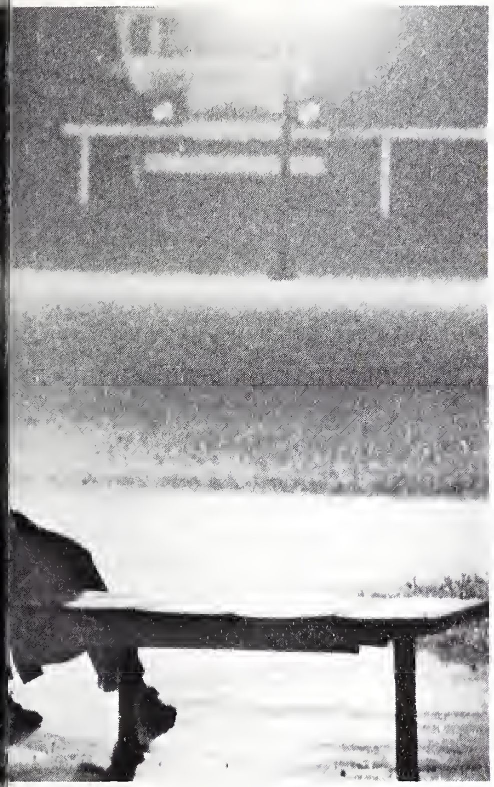
I get a warm summer feeling walking
through the snow
Even chilly darkness has the brightest
glow
And I just love you so, sometimes I
just don't know
Time just seems to help this wondrous
feeling grow
maybe I might wake up early one morning
and find it isn't so
I just love you so sometimes I just
don't know
feeling like a rich man haven't got a
dime
feeling like a young man but I'm
old as father
time and I just love you so some-
times I just don't
know, I just don't know

Kissing

When I'm kissing my love, I can hear a thump
thumping in my head
When I'm kissing my love I close my eyes and
see a pretty city with a million flower beds
I can hear the angels sing, songs that only
angels sing and I can feel my heart just
a-thumping and a-skipping, when I'm kissing
my love

The One

Love



You and I (we can conquer the world)

Here we are on earth together,
It's you and I.
God has made us fall in love, it's true
I've really found someone like you,

Will it say the love you feel for me, will
it say,
That you will be by my side
To see me through,
Until my life is through,
Well, in my mind, we can conquer the world. . .

Stevie Wonder

My Love

When I'm kissing my love I feel the blood
pump-pumping in my veins - Bless her name -
When I'm kissing my love she's such a tender
sender with a sweet young frame.
She's so good at what she does, all she wants
to do is kiss and hug, she's got me in love
and I can feel my heart just a-thumping and
a skipping when I'm kissing my love

George Washington Williams
1849-1891 Historian

Although only twelve when the Civil War broke out, George Washington Williams enlisted, rising to Sergeant-Major in the Union Army. He then entered Howard University, graduating in 1868. A Baptist minister, newspaper editor and government clerk before turning to the study of law, he practiced law in Ohio and was elected to the state legislature, but he became so interested in Black history that he gave up his usual work to spend seven years researching and writing his massive two-volume HISTORY OF THE NEGRO RACE IN AMERICA FROM 1619-1880. He devoted another five years to writing his HISTORY OF THE NEGRO TROOPS IN THE WAR OF THE REBELLION, 1861 - 1865, thus earning a lasting reputation as the first serious student of Black history.

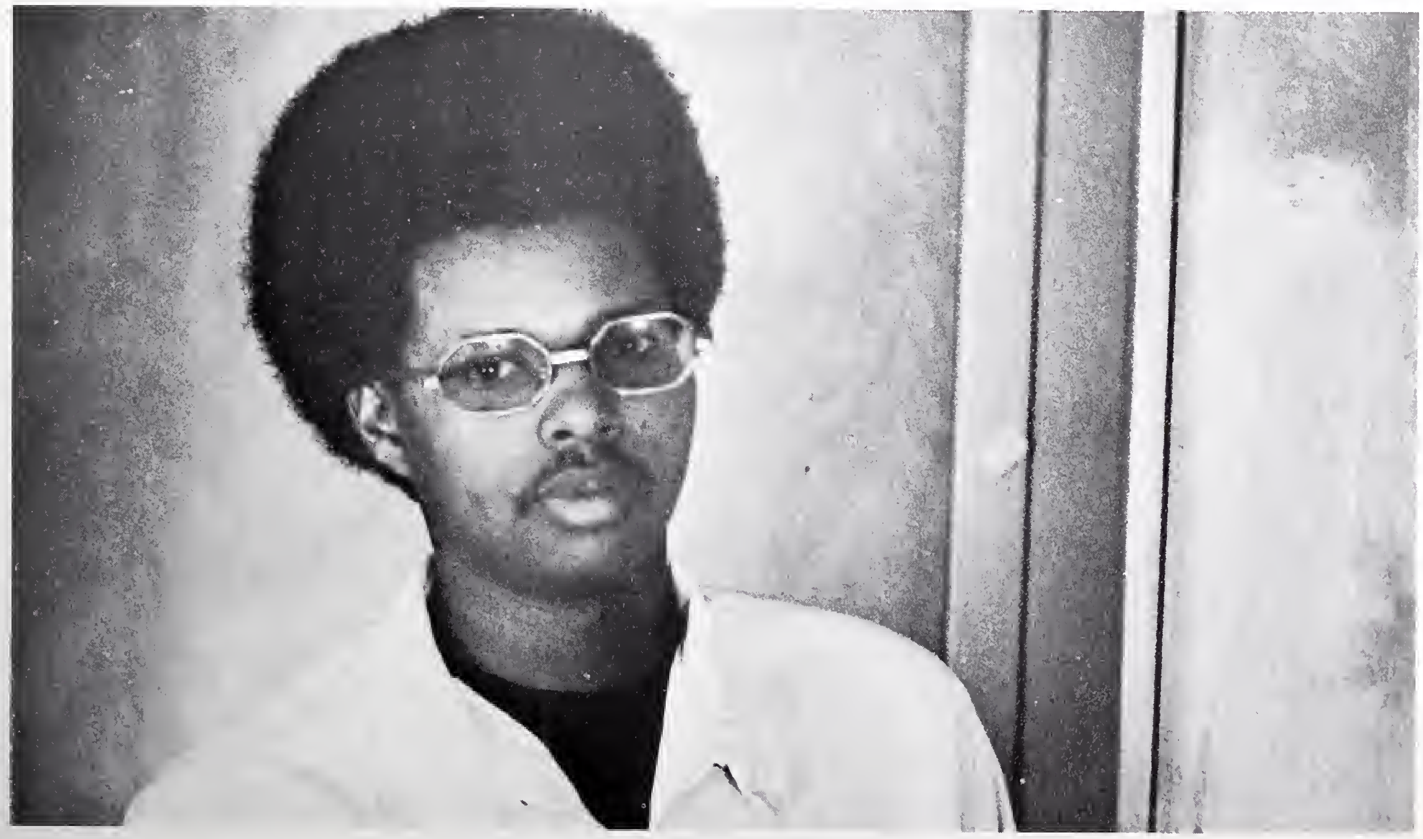
Black Me

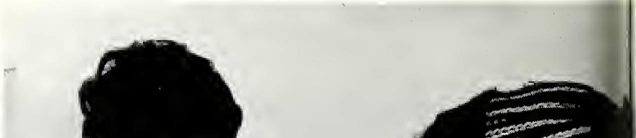
My Blackness accents my coolness
My Blackness accents my determination
My Blackness magnifies the realities around me
My Blackness perpetuates my love and need for my Black woman

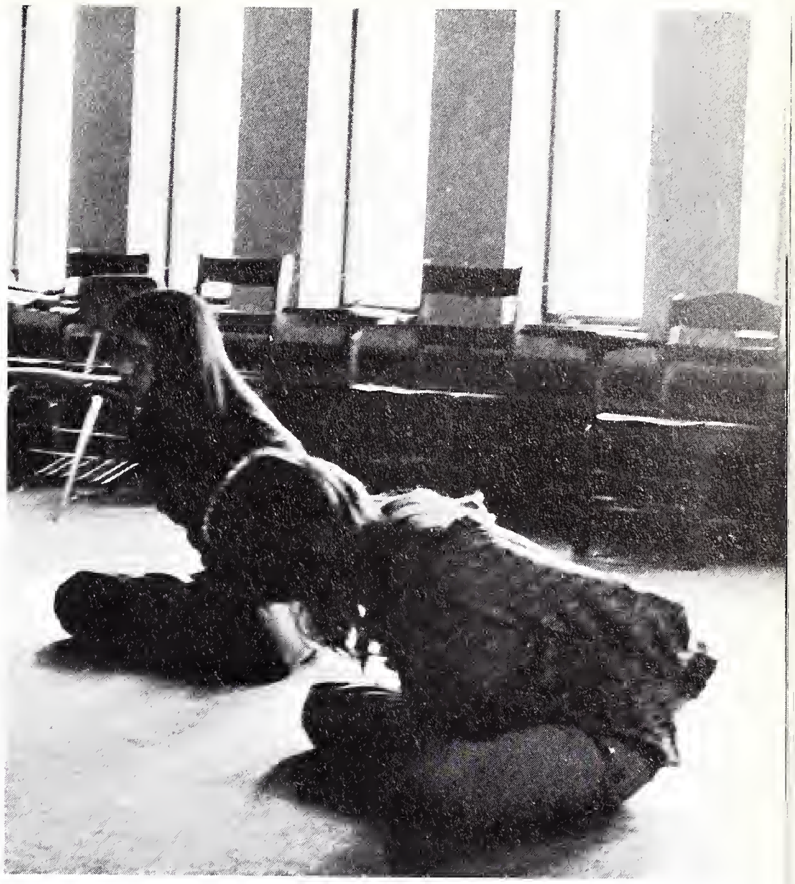
Doubt my coolness and ask why you are chilled when I speak
Speak lowly of my determination, and ask how I got to be me
Is this dude really real?
All that is real relates to me
Doubt my love. . .but long for my touch

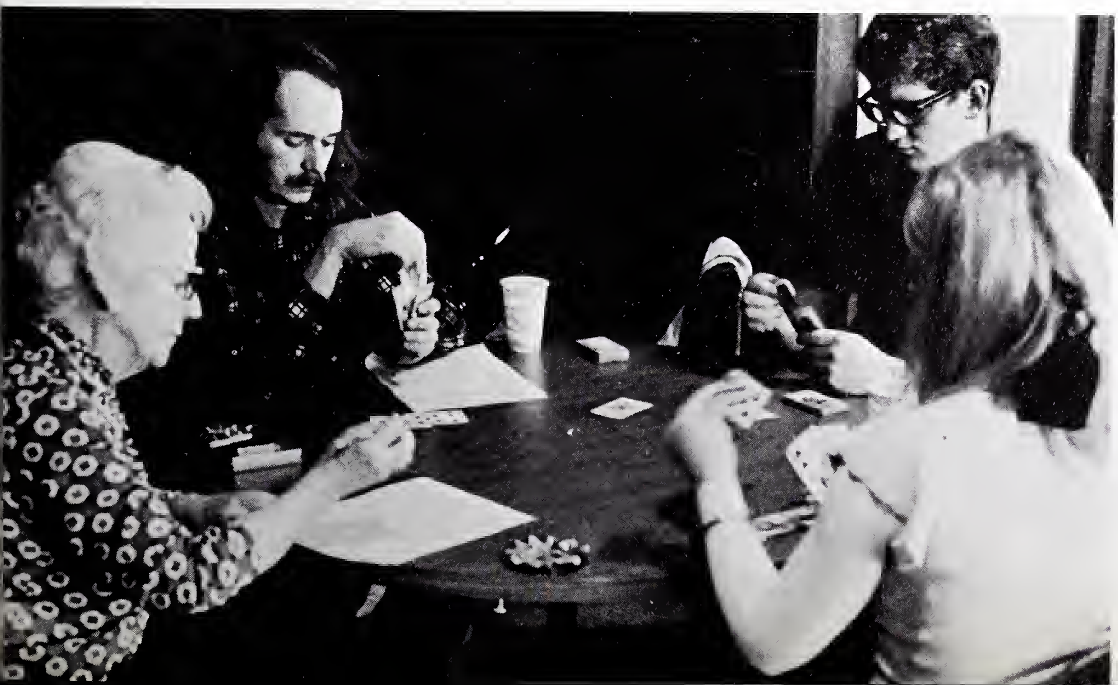
By Richard Sanders



Winter Term







A quiet fire broke out April 14, 1972 when F.S.O. presented their Spring Formal. I heard it through the grapevine that the Rocking Uniques, a soulful rock group from St. Louis, ignited this flame. After which The Penquin took a step forward to ease the burn and mellow the night. And to think it all happened at the Sheraton-Inn Decatur.

Super Bad, Super Clean He's Super Fly

Something on my mind.

I gotcha, thought you'd get away. Didn't you?

The "Big Blue" jelled into a powerful football team by the third game of the season. Five injured ball players hampered the performance in the opening game loss to Elmhurst, but efficiency and confidence built through Carroll and North Park into the Wheaton game. After this there was no stopping the team, other than a disappointing 7-6 Homecoming loss to Carthage.

This team was built around quickness and hard hitting team work. Four seniors: Bob Brown, Bob Henry, Carvel Johnson, and Gerald Temples were the leaders that helped establish the attitude of hard work in practice and super effort on Saturday afternoon. This was truly a TEAM in every sense of the word.

The effort, attitude, success, and records of this team will be the impetus to excellent football for many years to come.

The 1972-73 Basketball team achieved the third best winning record in the last 16 years. The final tally showed the "Big Blue" cagers winning 15 and suffering 8 setbacks and a second place finish in the tough CCIW conference.

The "Blue" ended the season on a happy note defeating rival Illinois Wesleyan at Bloomington. This was one of six victories strung together by the basketballers ending the season.

Several records, both team and individual were established by the "Blue". It was the best shooting team in Millikin history, shooting better than 50% from the field and erasing the old mark of 47%. Individually, Dan Parker completed a fantastic 4 year career with 1516 points, ranking fourth on the all time scoring list. Gary Deitelhoff, a junior, passed the 1000 mark in points scored and the 600 plateau in rebounds, assuring him of the career carom record. Leon Gobczynski, became the highest scoring sophomore in Millikin cage annals with a 502 point production.

Parker was selected to the Illinois College All-Star team and first team CCIW. Deitelhoff and Gobczynski were chosen to the CCIW all-conference team, Gobczynski being the only sophomore so honored. Millikin dominated every statistical category in a banner year.

The Big Blue baseball team put together five straight victories near the end of the season to claim a second-place finish in the College Conference of Illinois and Wisconsin and a berth in the NAIA District 20 (Illinois) finals. Under Coach Larry Chapman, the Big Blue posted its finest baseball record in several years, finishing with a 11-11 overall mark and a fine 9-5 CCIW record. Freshman pitching sensation Mike Roland, who put together a 4-4 won-lost record and a glittering 1.98 earned-run average, was named to the NAIA District 20 All-Star team and the All-CCIW first team. In addition, he and catcher Mike Woods were chosen by their teammates to jointly share the Millikin Most Valuable Player honor. First baseman Mike Harres and outfielder Bob "Piggy" Brown, who along with Woods were the team's leading hitters, also received honorable mention status in the all-conference balloting.

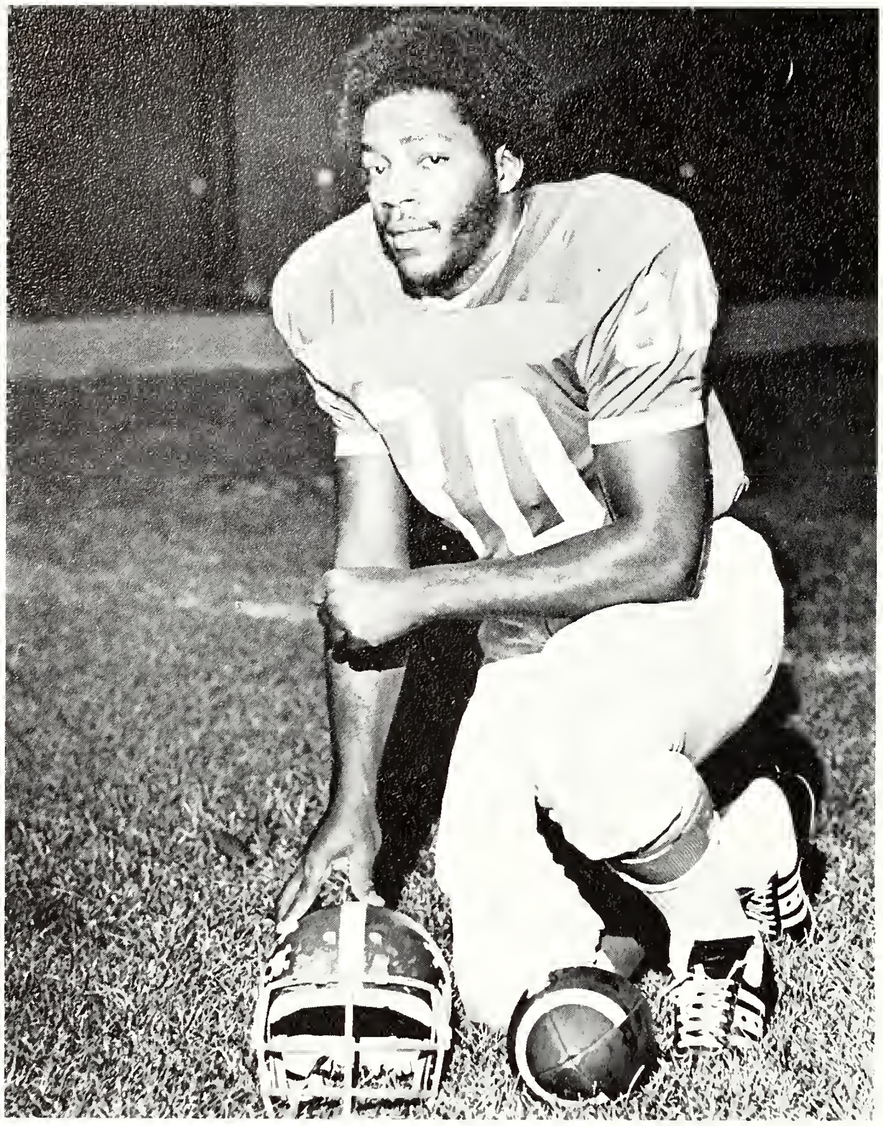
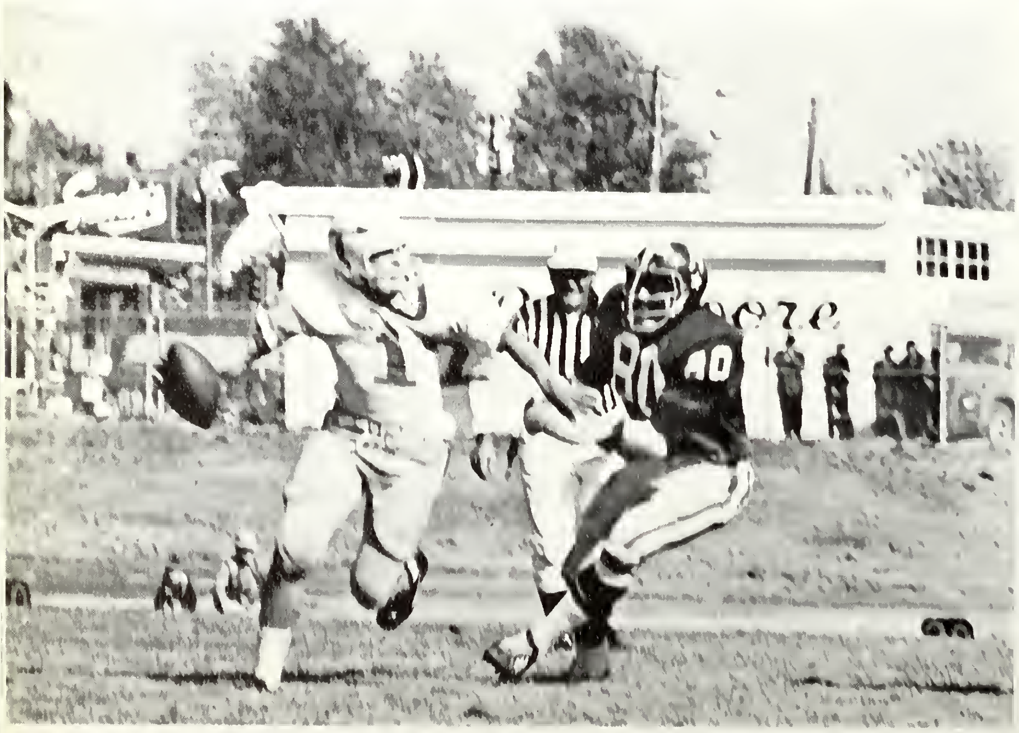
M-Man



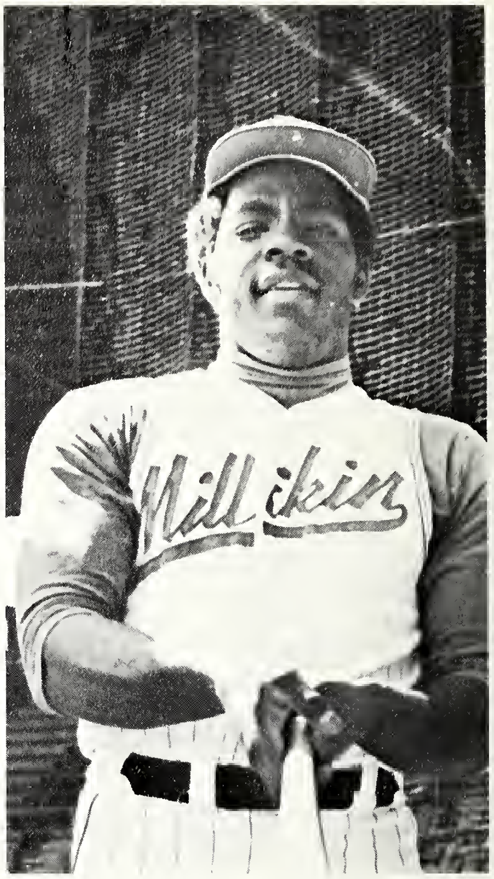
Bob "Piggy" Brown of East St. Louis, a four-year letterman in both football and baseball, culminated a brilliant athletic career at Millikin by being selected "M" Man of the Year for 1972-73. A defensive starter on the football squad since the first game of his freshman year and a regular on the baseball team each of his four years, "Piggy" has reaped numerous honors in addition to his selection as "M" Man. They include election to the CCIW All-Conference Team, the NAIA District 20 (Illinois) All-Stars and Peoria Journal Star's All-State Collegiate Team in football. He has been a leading hitter on the baseball team each of the past four years. A Tri-Captain of the 1972 football squad and Co-Captain of the the 1973 baseball team, "Piggy" has also been honored by his teammates for various Millikin football and baseball awards. The "M" Man award is presented annually to the senior athlete, who best exemplifies a combination of talent, sportsmanship and athletic versatility. The recipient is chosen by the Athletic Department Faculty.



"When I started out Piggy Brown was the one I could look up to. When I made mistakes he was like a big brother he would come over and tell me what I did wrong. If it was not for him some of my performances on the field would have been below par. However, because he was there to give me inspiration I made it."

Kevin Todd

ee
BREAD
Millikin



"He is the greatest hitter that I've seen in college ball. He is strong and has quick wrists. He does the little things to make an all around athlete. I've gained more sincerity towards the game and I go out with a more competitive attitude due to Piggy."

Cornell Thomas

Millikin
Millikin
U

M-Man 1972 Denny Wickline

MILLIKIN
10

The "M" Man of the year award for the year 1971-72 went to Denny Wickline of Warrensburg, who won eight letters during his Millikin athletic career, four each in basketball and baseball. Despite being a fine pitcher in baseball, Denny was probably best known for his accomplishments in basketball. An excellent playmaker in setting up teammates for baskets and an uncanny defensive ballhawk, Denny could also be a deadly outcourt shooter. His finest single-game performance was against Carthage College in his sophomore year, when he sank an incredible 10 of 10 field goal attempts and made all six of his free throw shots for a perfect 1.000 shooting percentage mark. His hustle, outstanding desire and attitude, as well as exceptional talent, led to his selection for the "M" Man of the year award.

M-Man 1971 Ollie Mack

Ollie Mack, an outstanding track performer in each of his four years at Millikin and a key member of the 1970 football team, was elected the "M" Man of the year award in 1970-71. Virtually unbeatable in the 440-yard dash in his last two years of track competition, Ollie won CCIW conference titles in that event twice. His name also appears in the Millikin recordbook as a member of the top Big Blue 440 relay team of all time, which set the Millikin mark of 43.5 seconds in 1969. Injured in previous seasons, Ollie realized his full football potential in his senior year, ranking as one of the most feared running threats in the CCIW while rushing for more than 500 yards. His outstanding senior year in both track and football earned him the coveted "M" Man of the year award.

Girl's Basketball Team

Women's Intercollegiate Basketball took a big step forward this season. Taking on both University and College foes, the team finished the season with a 7-6 record. The biggest thrill of the season was a come from behind win over the University of Illinois. The overtime loss to Illinois Wesleyan was another exciting game. It is hoped the game at Illinois Wesleyan set a precedent for an annual event- a triple header - M U Women, M U JV, and M U Varsity planned as an evenings entertainment for all.

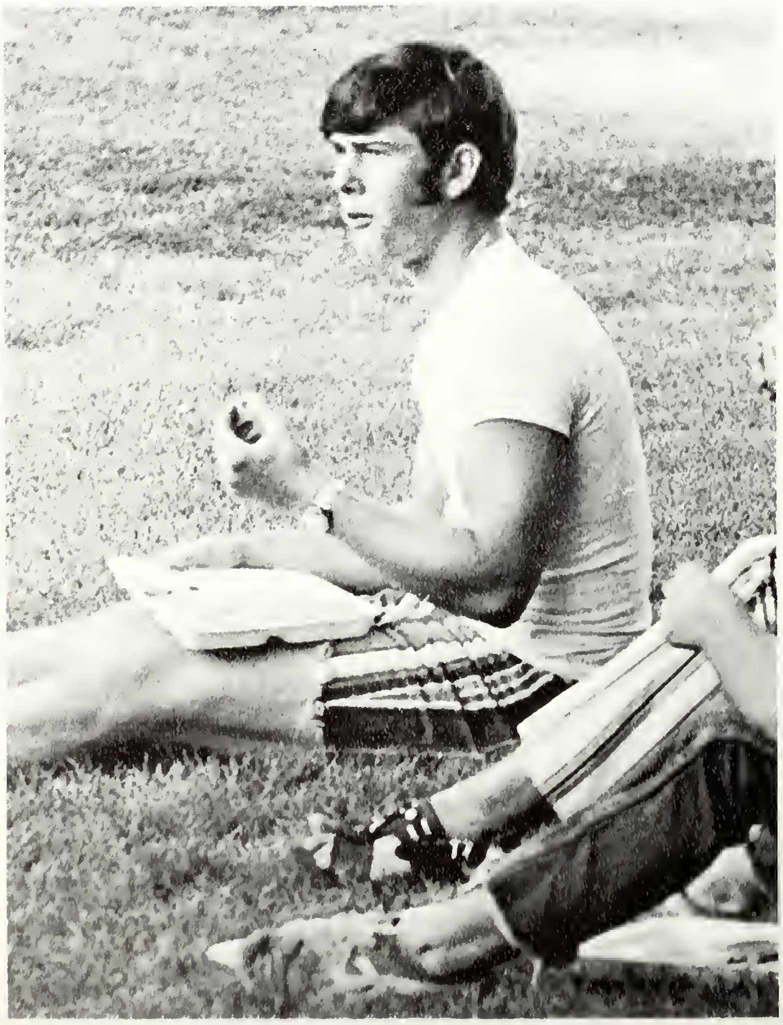
THE PHYSICISTS

U.C. Board



The University Center Board, composed of nine students, has become an even more active and important functioning body on campus this year. U.C. Board is directly responsible for all activities conducted in the University Center and the general entertainment for the entire school year. It sponsors such all-school activities as picnics, Fifties Dances, all-night movies, after concert and after game parties, free food, rollerskating, iceskating, the Christmas Party, Midnite Breakfasts, Bingo, tournaments, folk-rock concerts, bands, and, of course, feature movies every month.

In December, 1972, the Board was responsible for finalyzing the plans for the redecoration of the University Center Lower Lounge. After a year and a half of working with architects and designers, this completes the SUB's remodeling phases. The final plan includes the creation of several functional areas in the lounge -- a TV room, conversation room, and recreation area. What an improvement!

An Open Letter From President Miller

One of the strengths of Millikin stems from the many opportunities that are provided for extensive communication among faculty, students, and staff. This personal contact adds a rich dimension to University life and to one's education.

However, unless we use the opportunities that exist, we remain strangers and have no chance to share our thoughts, our opinions, our values, our dreams. University committees will continue to be only as successful as the commitment of each member; informal discussions will be only as the trust level grows between conversants.

Millikin is a community of people bound together by common interest and aspirations. Let us take that commonality and share in its present development and future hope.

Plant

The same wind moves us
But not in the same way
The same earth holds us
But not in the same place
The same sun feeds us
And we share each other's lives
Holding each other's shadows.

People share many things together in life. The wind, the earth and the sun are only a part of the many things that people do share. But because each individual is distinct and unique, there are many things intellectually, physically and psychologically that no two people can ever share together. For the unique students recognized as outstanding campus leaders, there is a unique institution published annually on a national basis for them.

"Who's Who Among Students in American Universities and Colleges," first published in 1934, is provided for college juniors, seniors and graduate students. Campus nominating committees are instructed by the national organization to consider students whose academic standing, service to the community, leadership in extracurricular activities and future potential are decidedly above average.

Who's Who can be an important indicator in insuring future success with obtaining government jobs making employment contacts and supplying recommendations.

No matter who you are or what your goals might be, you will always be somebody. . .and we share each other's lives; holding each other's shadows.

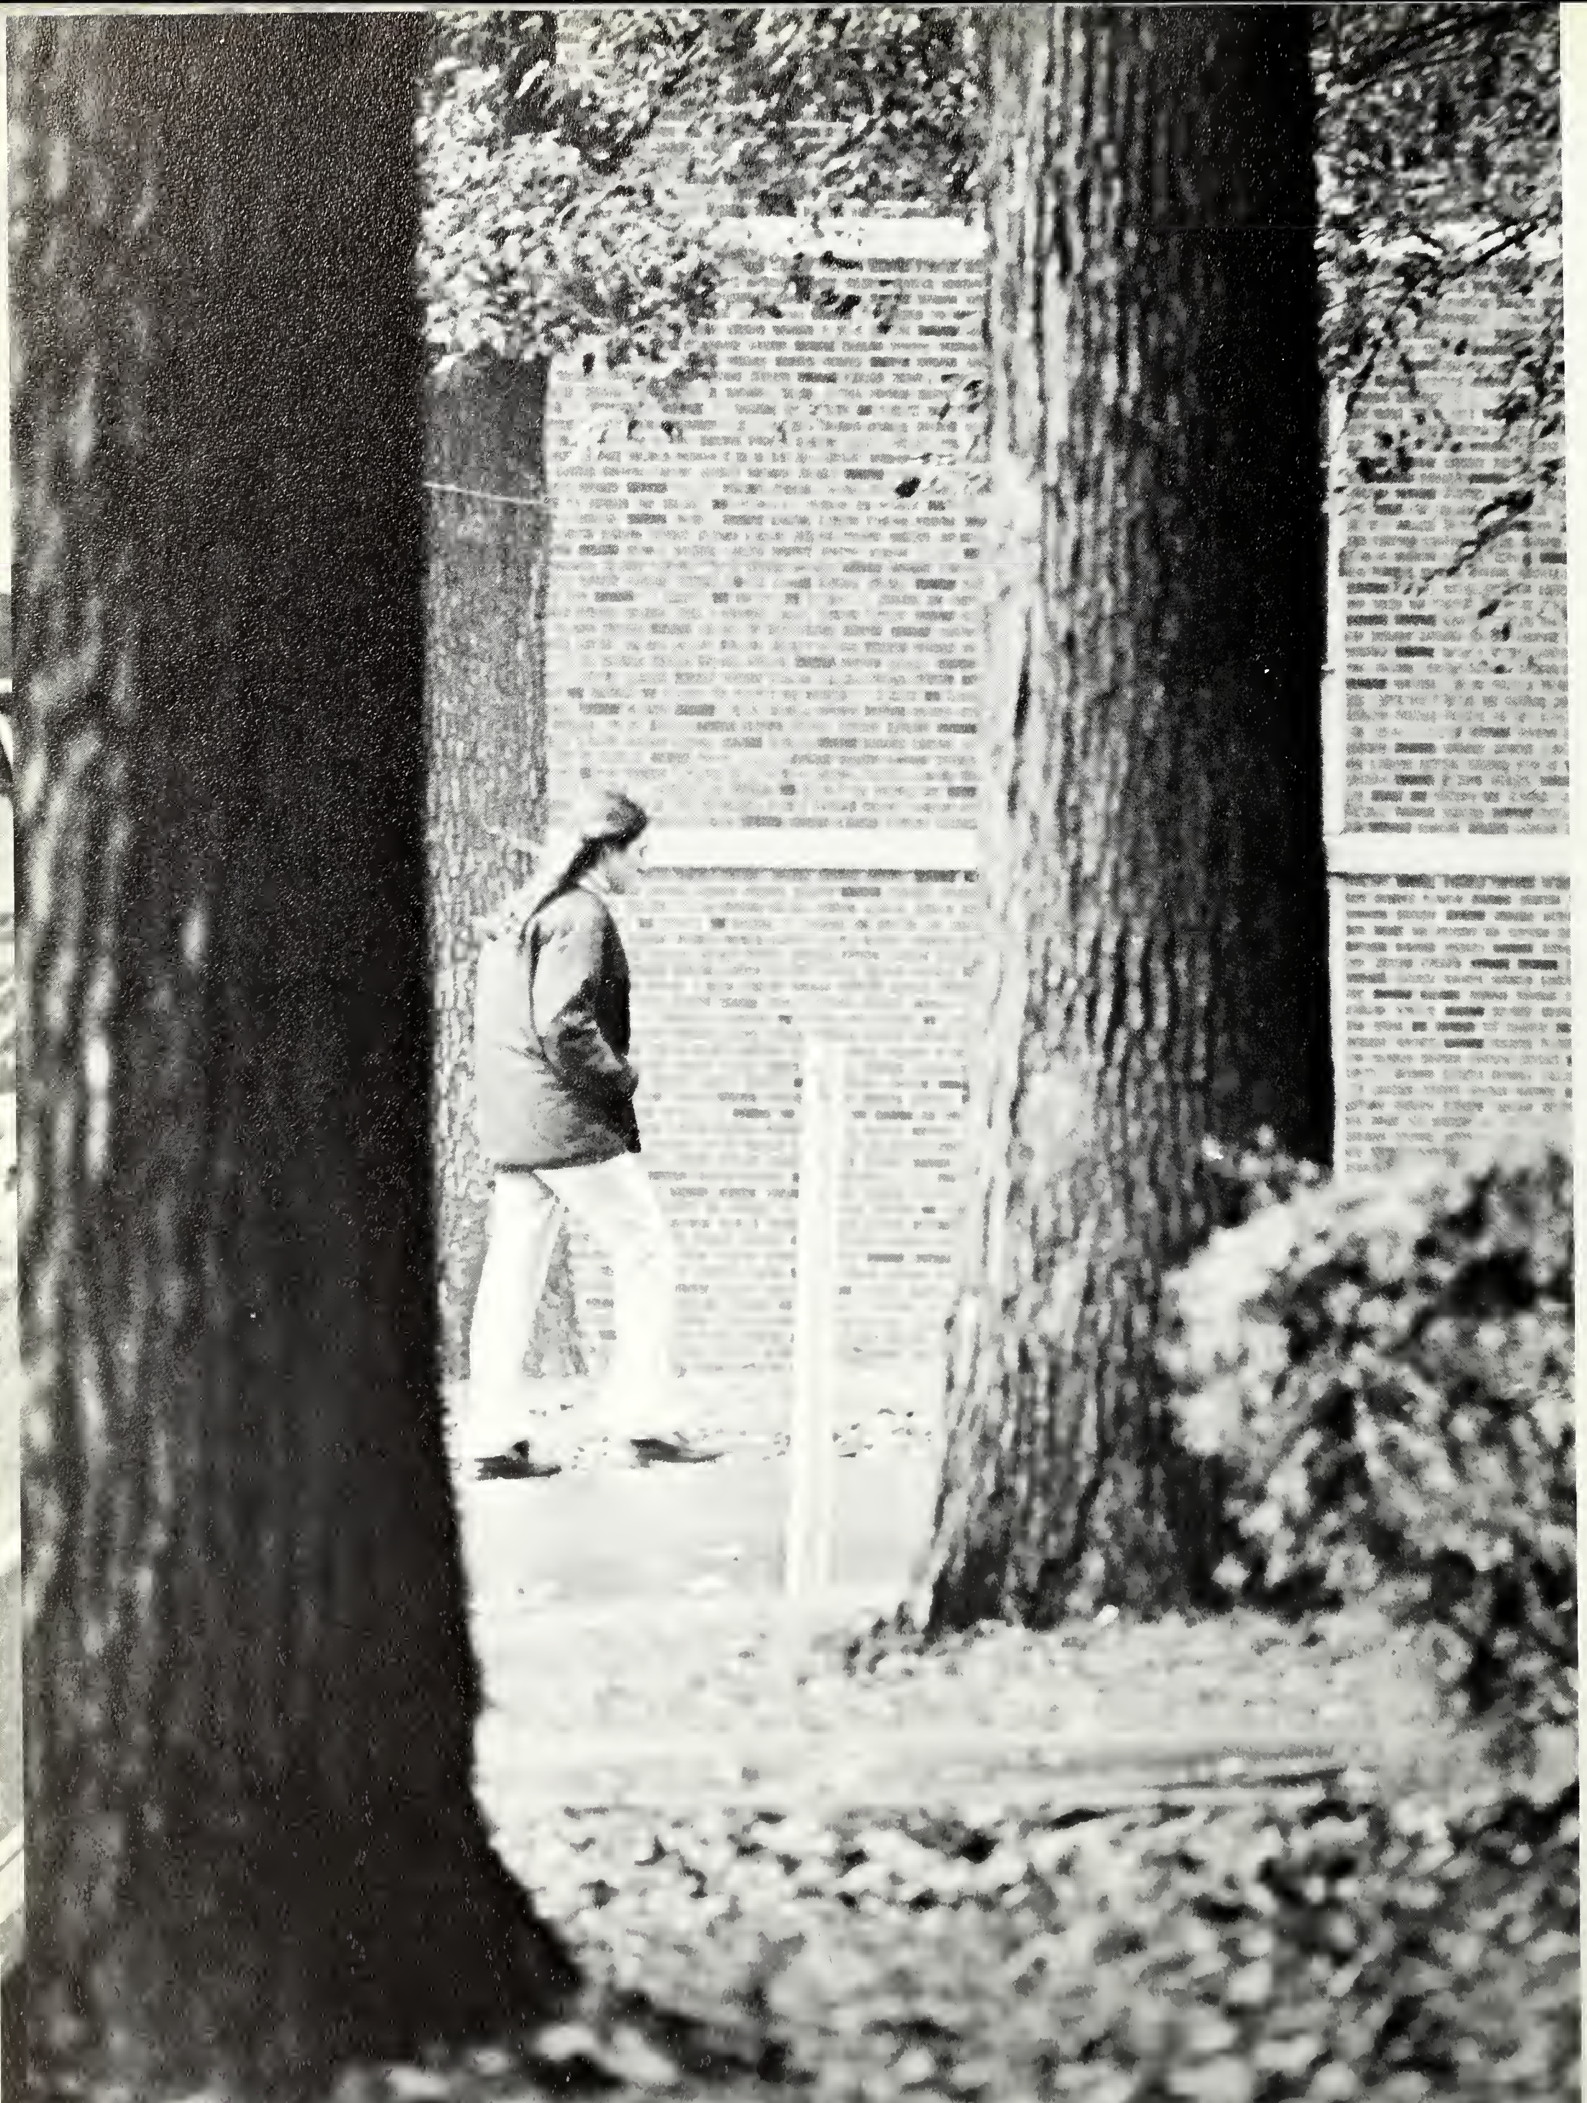
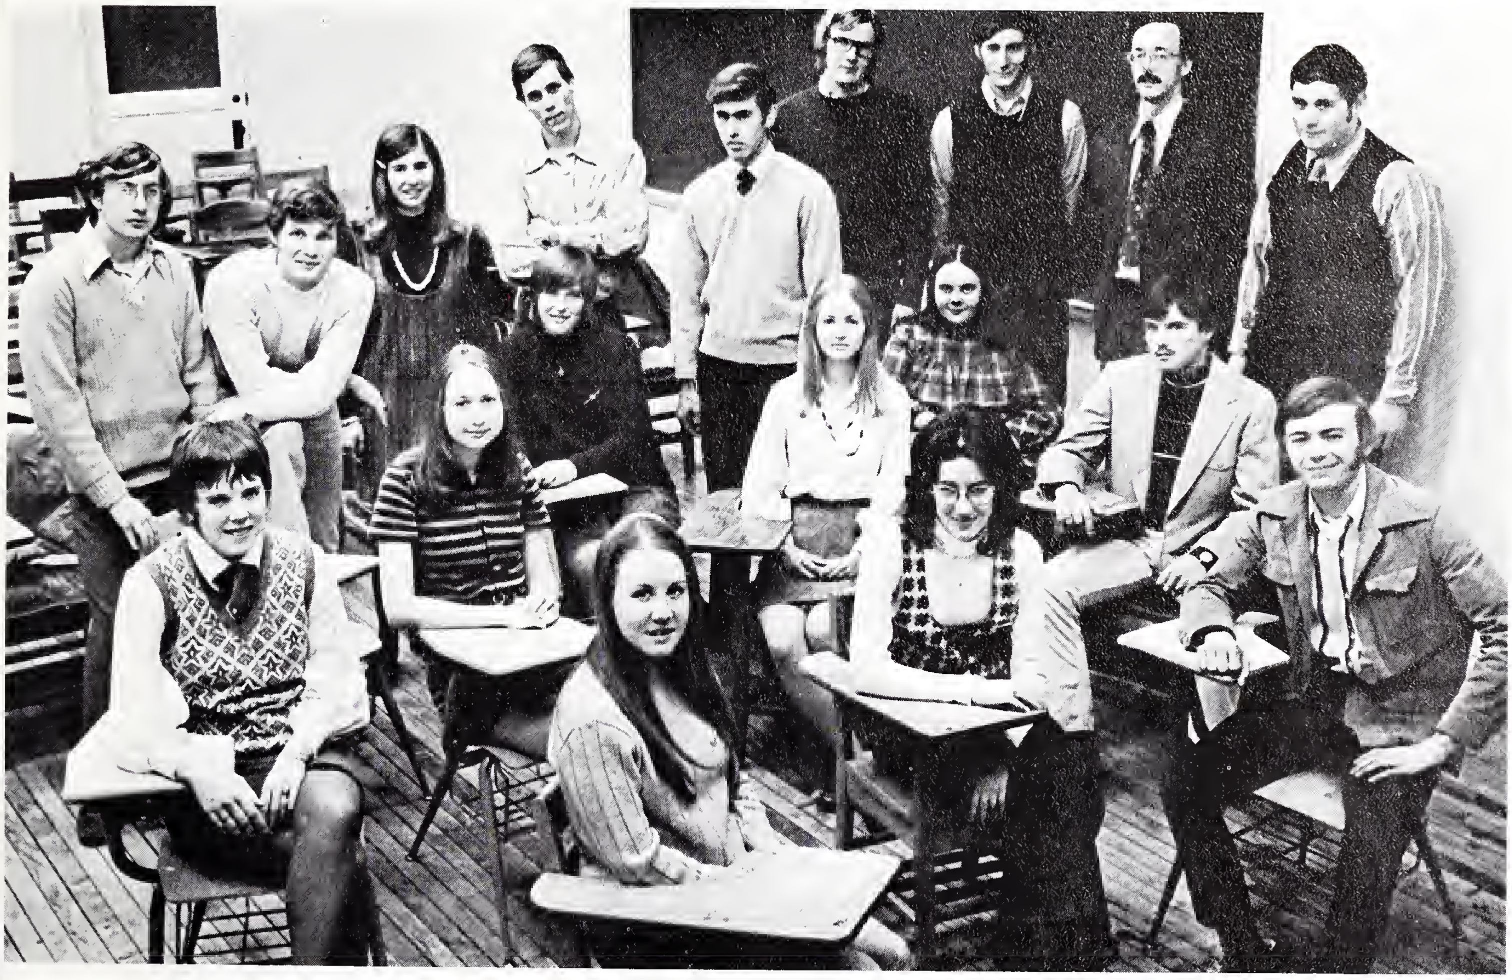
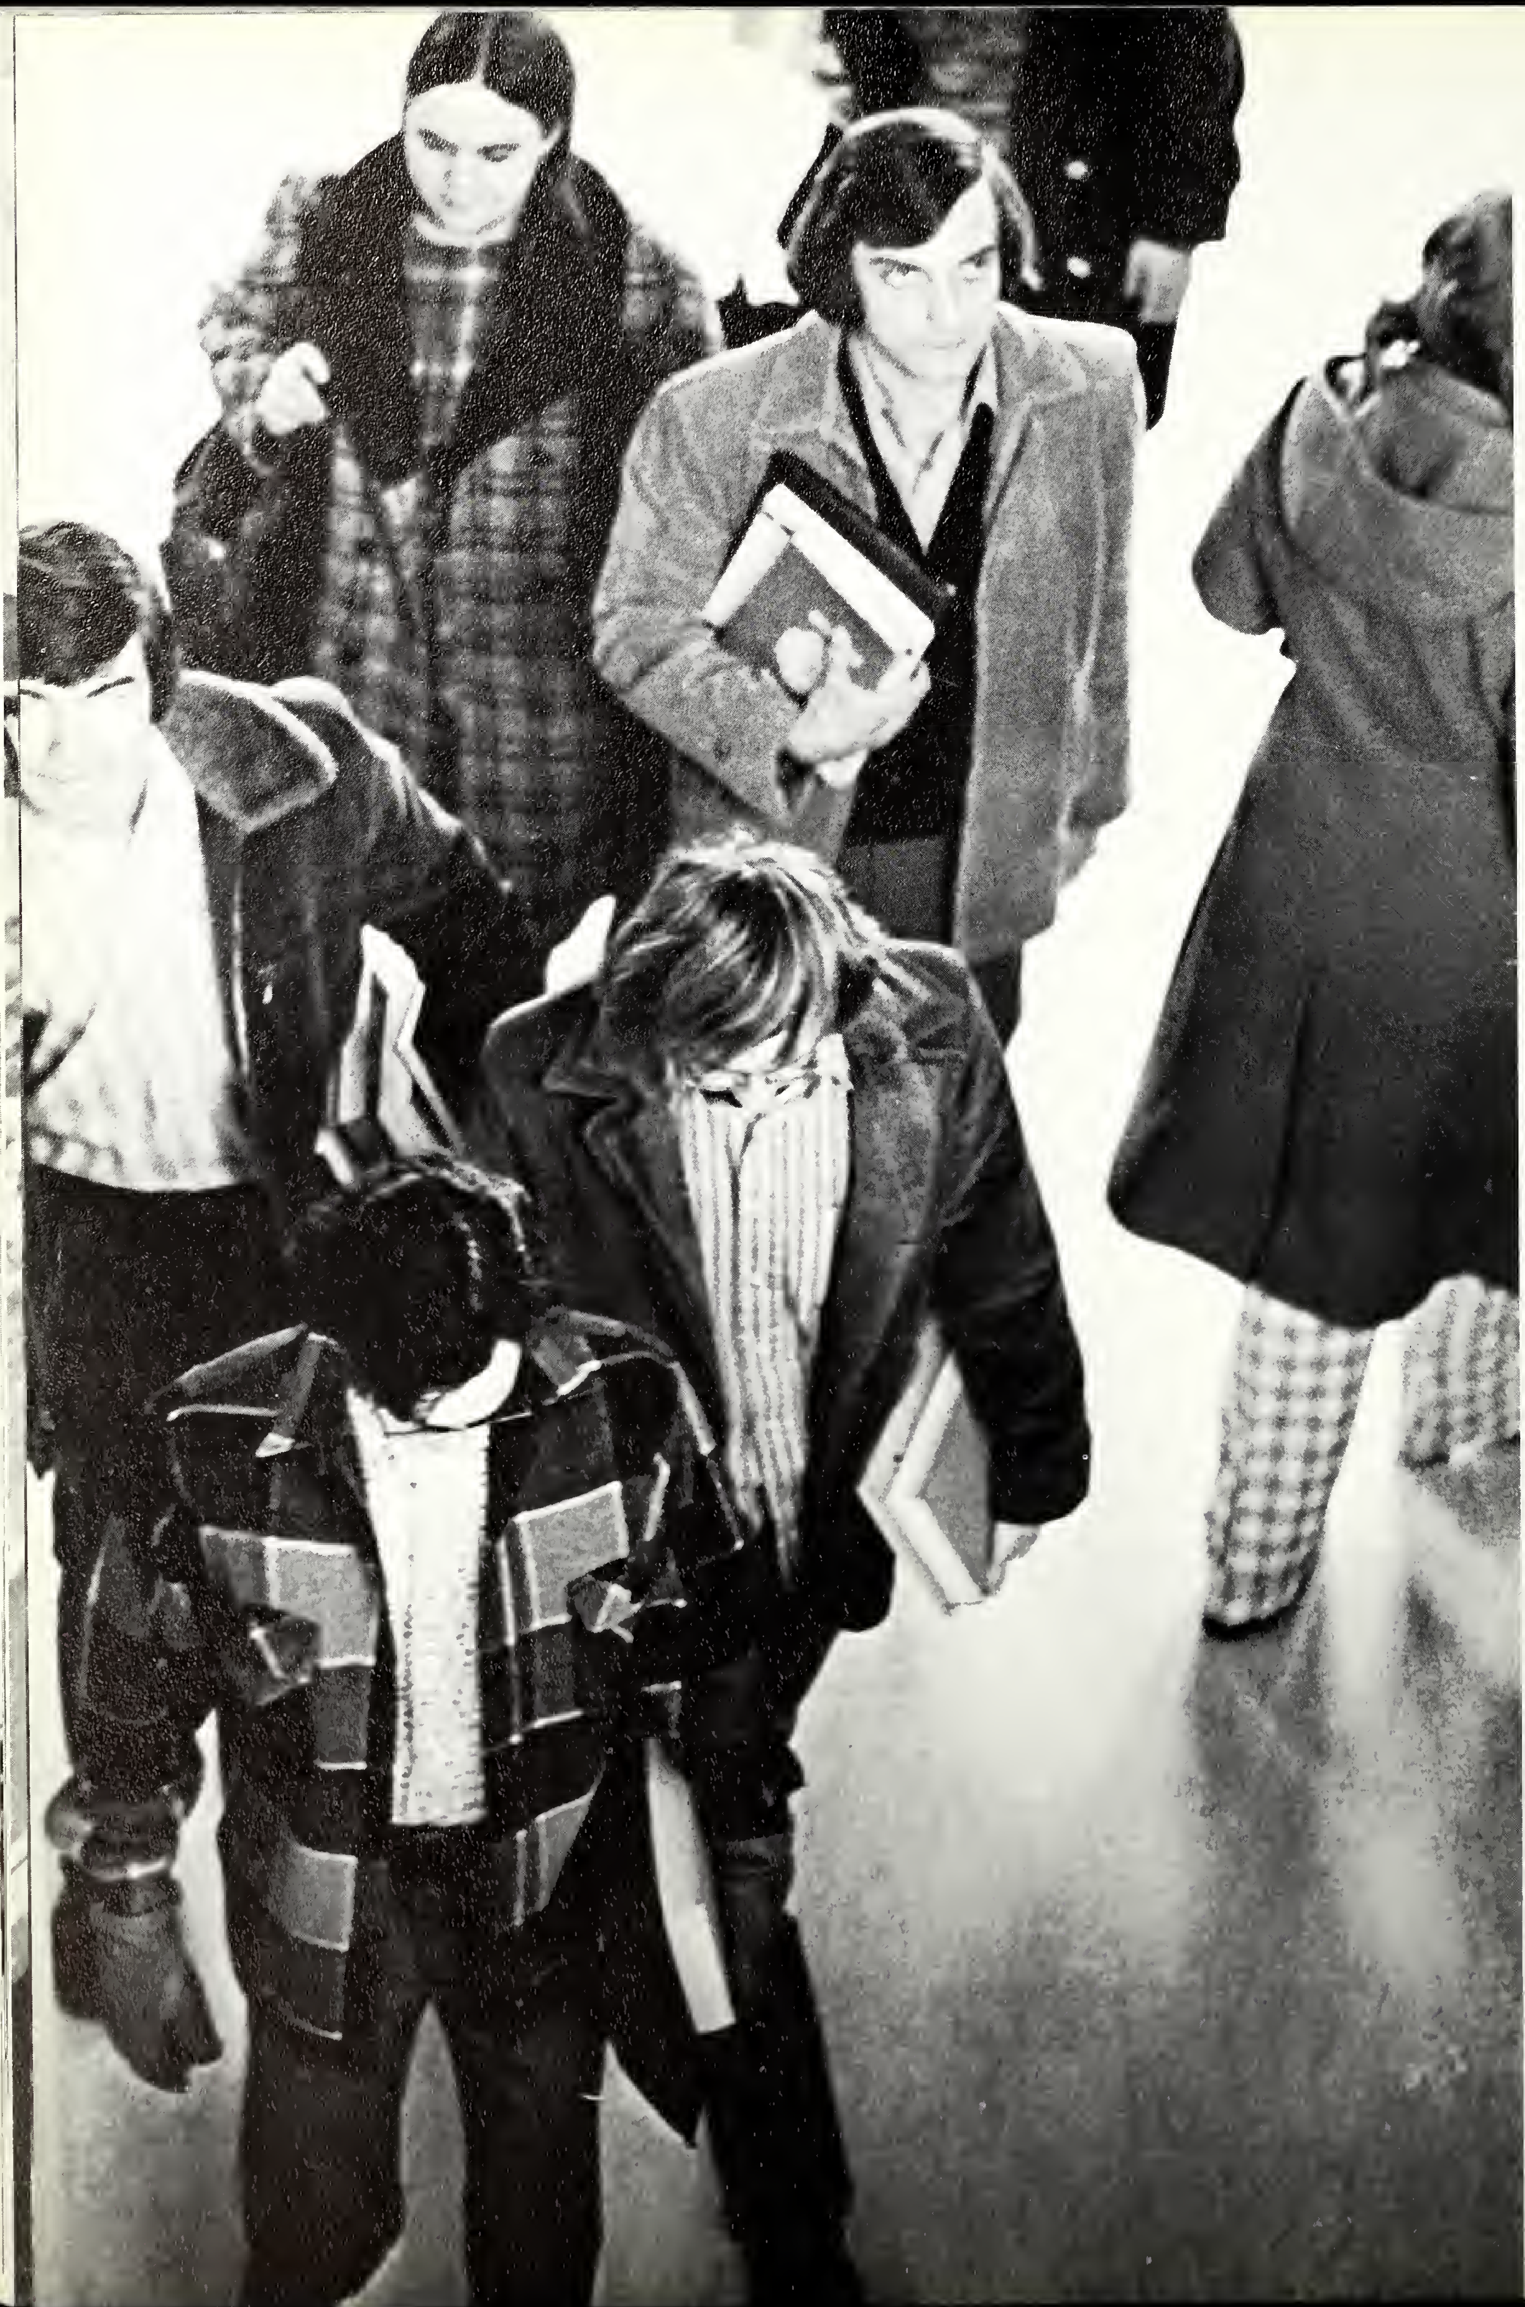
Alpha Epsilon Delta

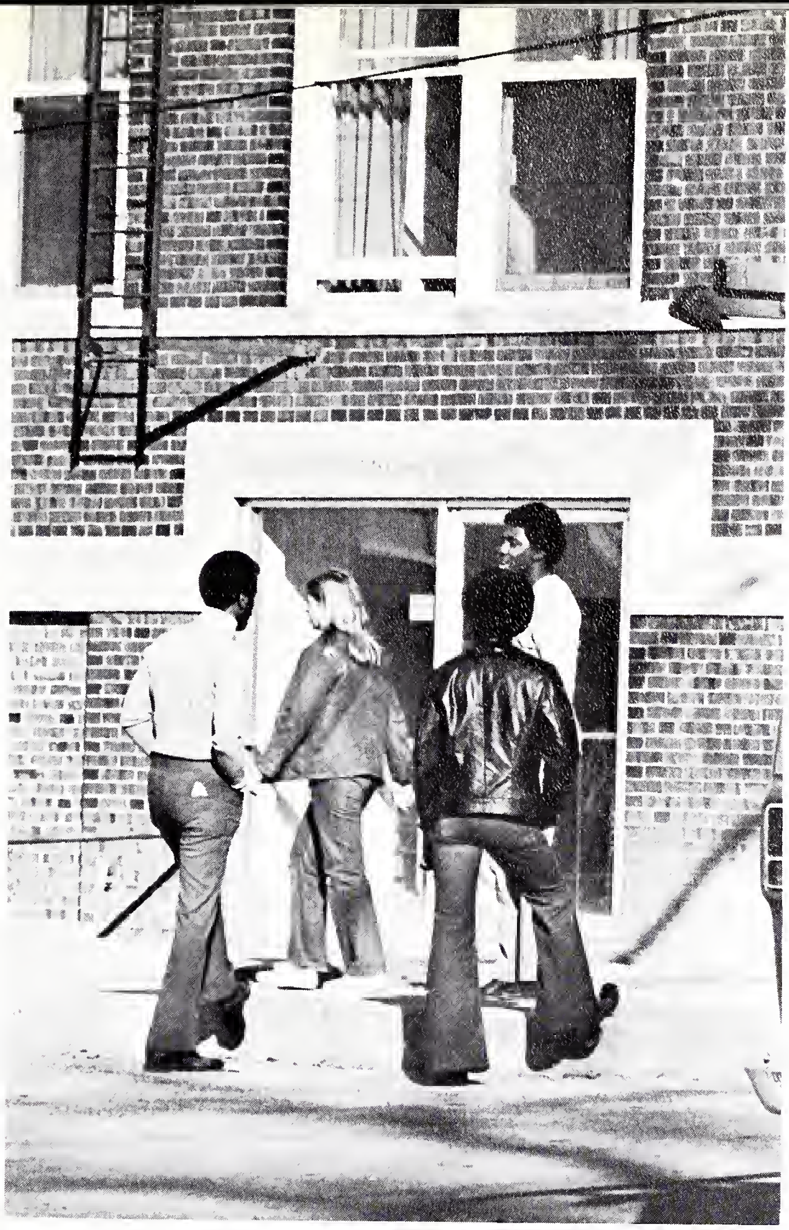


Sigma Zeta



Seated from right to left: Michael Wooldrige, Nancy Owen, Linda Golden, Camilla Harlow, Annette Benner, Debby Keller, Nan Ebbert, Becky Nickles, Dan Gholson. Standing from right to left: Steve Vanstrom, Dr. Baird, Dave Garver, Roger Kahila, Rich Felshaw, Ted V. Neher, Janet Rodeffer, Warren Jesek, Bob Sindelar.





Resident Assistants

Resident Assistants are experienced undergraduate students who are staff members of the Residence Hall. Primary responsibilities of the position are to serve as a resource person for the students on his/her floor; to suggest and support cultural, scholastic, social, recreational, and other activities; to work with the student personnel program, the RA is to help establish a pleasant, productive living-learning center and to assist with the planning and coordination of hall, and interhall activities.

Row 1-Lenny Meyers, Gail Moore, Mary Cummins, Dawn Lakatos, Karen Wunderlich, Marshall Beard. Row 2-S. VanStrom, Pat McCormick, Dean Coy, Diane McNeal, Charlie Sharp, Rose Whitfield, Al Hayes. Row 3-Sue Anderson, Dusty Rhodes, Steve Rempala, Dave Garver, Robert Stallworth, Janet Rodeffer, Jerry Thomas.

University Judicial Board

The purpose of the Judicial Board is to hear charges against students (that may affect the "good standing" status of a student) and to make recommendations to the Dean of Students in matters concerning the enforcement of University regulations applicable to students. In matters of alleged violations of University regulations that occur off-campus, the Board meets with the Dean of Students to consider whether the University is involved.

Row 1-J. Olson, D. Rocke. Row 2-G. Kirby, J. Houston, M. Jackson, B. Sindelar, M. Lee, L. Meyers. Row 3-M. Tevlin, V. McMillon, D. Coy, A. Adell, T. Munz, W. DeMarco.

Teachers Education Council

The Teacher Education Council evaluates and changes the teacher education curriculum in accordance with University policies.

Student Affairs Committee

The Committee on Student Affairs regulates policies governing student life, organizations, and social, athletic, and other student events. It may advise on matters concerning orientation and guidance of students, student government, health service, the housing and boarding of students, and student publications. All affairs which affect living conditions of all students, as well as constitutions of newly organized groups are subject to approval of this committee.

Row 1-J. Olson, P. Williams, K. Muldowney, K. Smetts, J. Steele, J. Norton, C. Pattison. Row 2-D. Givens, R. Gregory, J. Smithson, J. Houston, L. Meyers, M. Forbes, D. Coy, R. Sorenson, T. Munz, M. Tamurini.

Admissions Committee

Row 1-J. Olson, S. Schaar, J. Rodeffer. Row 2-Wm. Merritt, C. Doctor, P. Givens, R. Gregory. Row 3-K. LaRowe, Wm. Lewis, J. Houston, C. Sharp, M. Forbes.

Publications Board

The Publications Board is composed of the following members: the Dean of Students; faculty advisers and editors of the publications; the business managers of the MILLIDEK and DECATURIAN; the Treasurer of the Student Senate and four other representatives from the Senate. The board, which is responsible to the Senate and Faculty, meets once a month to discuss matters pertinent to the publications. This Board selects the editors and business managers of the publications: MILLIDEK, DECATURIAN, STUDENT-FACULTY DIRECTORY, and of WJMU, Millikin's radio station.

Student Senate

The Student Senate is composed of representatives of student organizations, residence halls, and students at large. The Senate is the coordinating organization for student activity and opinion. All student organizations must be approved by the Senate one year after receiving permission to organize. Co-Chairmen of all campus activities such as Parent's Day, Student-Faculty Retreat, Homecoming, and Campus Chest are chosen from petitions submitted to the Student Senate.

The President and Vice President of Senate are elected by the student body, and the Secretary and Treasurer are selected by the Senate from petitions.

Decaturian

Editor Mary Ann Lee and Associate Editor Malcolm Sweet

Decaturian staff: Rich Martin, Al Hays, Bernice Donaldson, and Kay Hartmann.

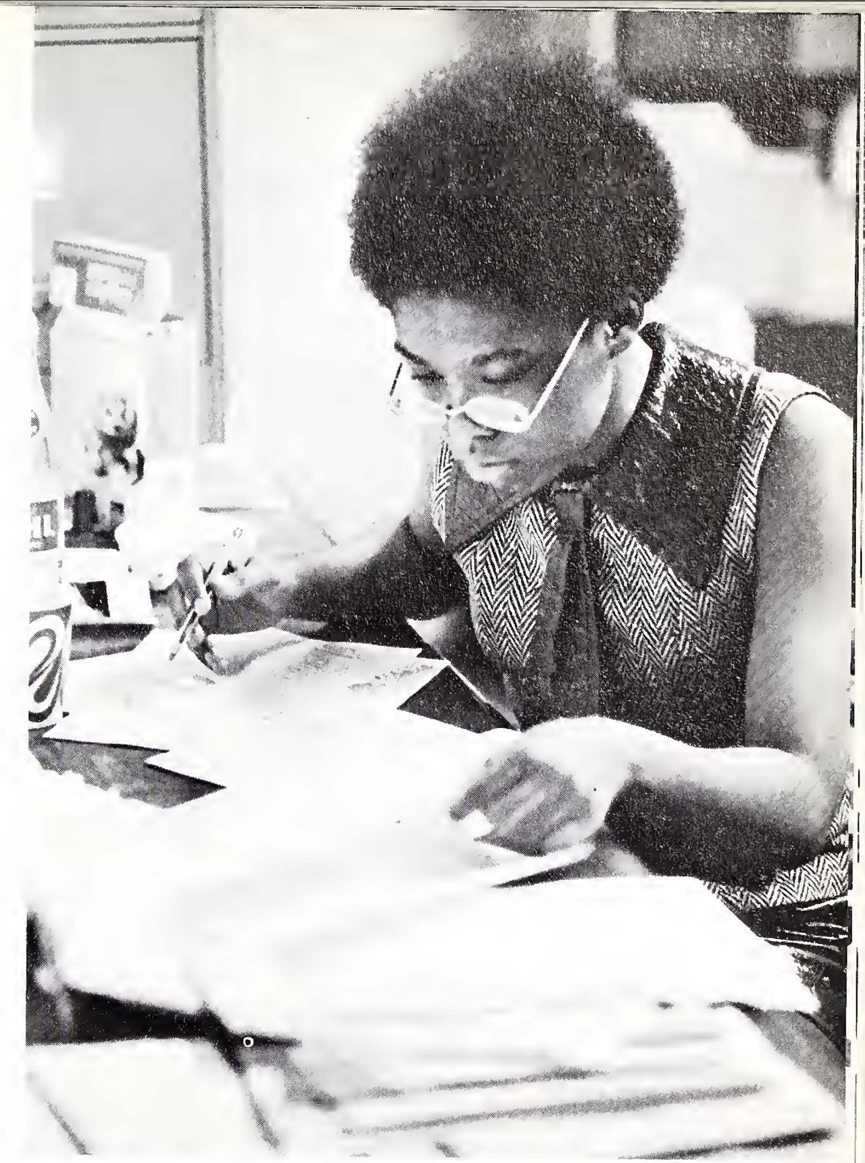
COLLAGE

Fred Schneller, editor of Collage, (Sitting) takes time out from his various duties to pose with his staff.

The main purpose of Collage is to further the appreciation of literature and other related fields. Each year the group publishes at least one literary magazine. Beginning this year the group has taken on a new structure, whereby members of the group, if they so elect may obtain 1 to 4 credited hours in English for submitting literary work to be published. However, it is not mandatory to enroll for credited hours in directed writing if one wishes to become a member of Collage.

Millidek

Friends turn out to help co-editors work on the yearbook.



Millidek

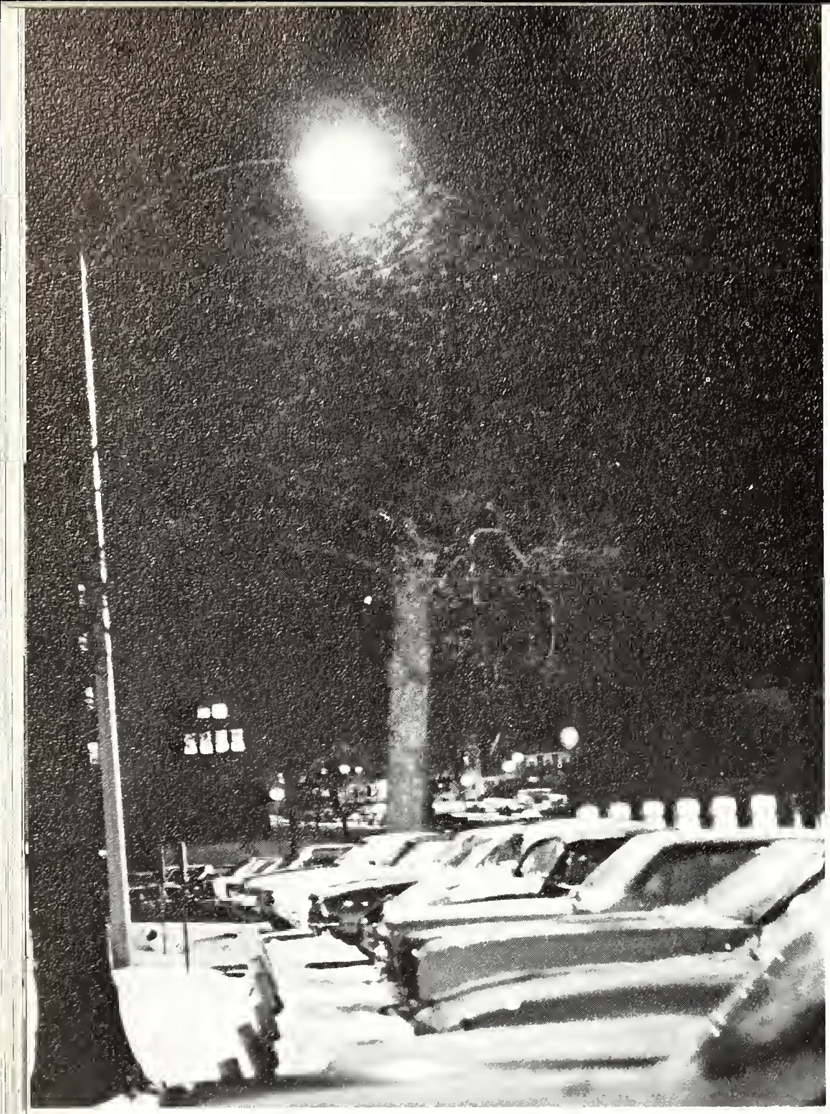
City, Country, City

The first time ever I saw your Face



In the quiet of the night

Love

And

Happiness

We fell in love, all over again

In Honor of

Herbert Ross

Mr. Ross has been a member of Millikin's maintenance staff for 12 years and 5 months. He will retire June 30th of this year. A long vacation to Florida and plenty of rest are some of his immediate plans. His amiable personality and wisdom will be missed by all of us.

We, co-editors of Millidek wish Mr. Ross happiness and success in his future endeavors.

Dr. James W. Drenan, Associate Professor of Chemistry, underwent major surgery in early December and has been confined to the hospital. He is responding well to physical therapy, maintains a wonderful spirit, and looks forward to new and better days.

Students and faculty miss him on campus. For over 15 years he was among the earliest arrivals on campus and was busy until late in the day. His office lights were burning on many evenings and weekends as he engaged in study and work. He never missed a day of classes due to illness until last spring when he took time off for a physical check-up.

He has been missed at meetings of Sigma Zeta; he has been advisor to the group since 1959. He has served as editor of the Sigma-Zetan, the national organ of the honorary for many years.

The local section of the American Chemical Society, Chemistry Department Seminars, the Decatur Tennis Club, faculty groups and committees, his church choir, miss his wisdom and participation.

Various members of the faculty and students visit with him regularly to relax, play bridge, or seek his advice and consultation.

We wish to extend to him our sincerest best wishes.

Dr. Weatherbee

Dear Faculty and Students,

As you look below to the "Special Thanks" section you would probably get the impression that the production of this year's annual was made possible by help and cooperation received from many people. However, this book was put together by merely two people.

The help we did receive was in the area of the scheduling of 3/10 of the pictures and submitting 1/4 of the copy. The actual planning and blue printing (cropping pictures and making layouts) of the book was done by the co-editors themselves. Although, we did receive a little help in typing copy and laying out a few pages.

We worked extremely hard to get his book out, and we hope you have enjoyed it. We also hope that next year's editor gets more cooperation than we did. Of course, this hope will only become a reality if the present apathy among the student body decreases to a level where students are motivated to instigate programs of value to them, and make defunct those which no longer are relevant.

If one objectively reviews the cooperation and interest received by Millidek editors the past two years, he may wonder if indeed the Millidek will become a memory of the past.

The choice is ours, the student body.

Respectfully Yours,
Mary Linda Jackson
and
Diane Robinson

Special Thanks to:

Millikin Defender Redmond 'Perfect' On 41 of 47 Plays

College Column

By Joe Lenhart

"If one man ever made a difference in a football game, it was Don Redmond last Saturday," smiled Millikin University head football Coach Skip Mathieson.

"After reviewing films of the 14-0 victory over North Park, I've got to say he played Athletics of the Intercollegiate ciation 'lineman of the week'" honors. He has been nominated for the same honor for his performance against North Park.

In the St. Joseph's game, the East St. Louis native recorded 13 solo tackles, dropping the footsteps of good friend Bob 'Piggy' Brown, Millikin defensive end.

"Piggy started me playing football back in junior high school," Redmond explained. "He used to take extra time to teach me different things about playing my position.

"When it came to selecting a college, I just naturally followed Piggy. We roomed together my first year here. We're still the best of friends."

Redmond admits he hasn't reached his peak. Relying on the philosophy of an old family friend, Pop Miles, he says he will build himself slowly and hopes to peak before the final game.

After last week's performance, I can't imagine what he'll do for an en- core.
